Subject: Devils Slide - LMO

Dear Ms. Heppler,

This is to update you as to the progress Holcim is making on the Draft LMO for the Devils Slide Quarry.

1. As of the end of December we have received the draft Geo-Technical report and are currently reviewing it.
2. Pursuant to our meeting early in December, we finalized the scope of the Drainage Study and plan and are currently waiting on the draft report. We anticipate receiving this mid January 2010.

Once we have finalized the two reports referred to above we will be finalizing the draft for the LMO for the devils Slide Quarry. We anticipate having this completed by the end of February / mid- March 2010. Once we have the draft I would like to set up a meeting with you to go over the draft before we submit it for approval.

Please let me know if you have questions.

Regards,

Mike Toelle
